Installation type/place	Medium size rooms.
Power	115V/60Hz
Approved for commercial use	Yes
Size limit	Up to 2,900 sq. ft
Air flow	250 CFM
Installation type	Portable
Remote control	Yes
Display type	Digital.
Sound level	<60 DBA
Draining	Condensate pump
Compressor type	Rotary
Bypass air sensor	Yes.
Memory starting	All set settings remain the same even after a restart
Automatic humidistat control	Yes.
Easy handing	Plug and play design - easy to operate
Weight	88 lbs(40kg)
Dimensions	Depth: 23.8 in. Height: 17.9 in. Width: 14.7 in.

AirWerx 100X

Dehumidifier

Buy the **AirWerx 100X** today

make your home comfortable!

Features

- Fully operational at Low temperatures.
- Easy access to the main board for easy maintenance.
- Design to stimulate air flow in spaces with air flow issues.
- Pipe drainage for the extracted water pumps out by the condensate pump.
- Filter for air purification.
- Full water protection.
- Rare earth alloy Tube Evaporator.

Additional functions

Built compact and small in size hence making it portable. This unit is equipped with an auto humidistat that ensures it's able to automatically detect a change in humidity level and turn on to lower the humidity levels automatically. Equipped with the duct, precise dehumidification in all corners.

Performance

The AirWerx 100X is specially designed to remain fully operational at low temperature. The unit advanced design to allow it to use the air already processed to stimulate air circulation when installing in a space (like the crawl space or basement, whole house) with airflow issues.

Customer Support

All our customers enjoy effective support, thanks to your technical support team via phone. We ensure that all our customers are able to receive the help they need promptly. For any queries with The AirWerx 100X unit send us an email or call us now!

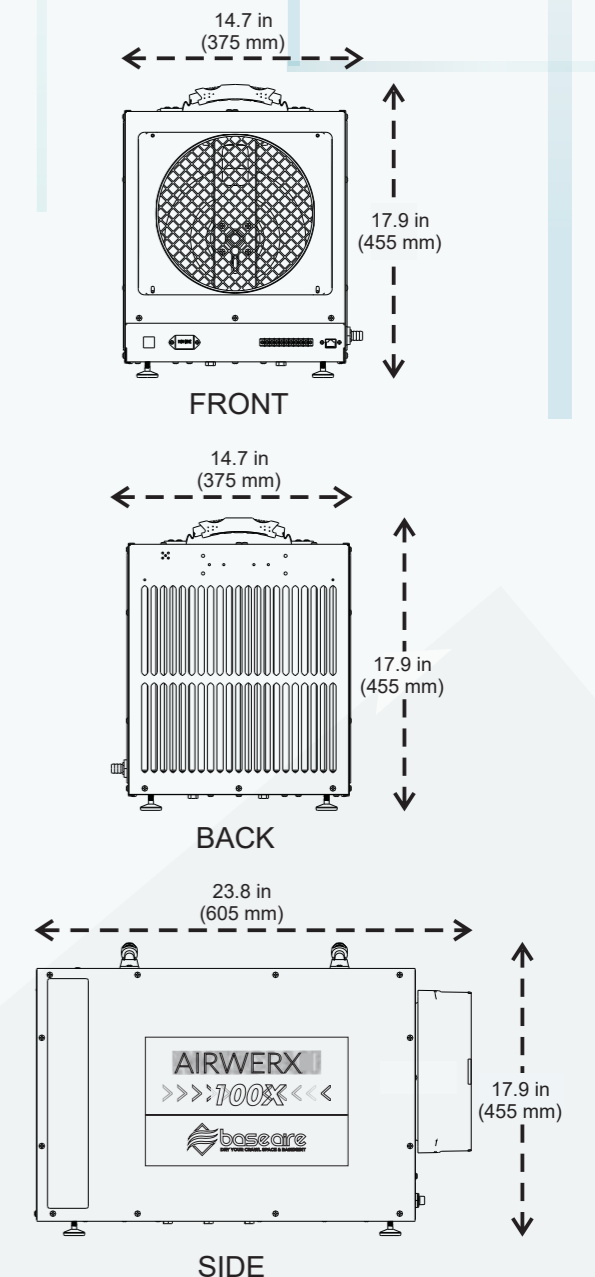

Warranty

We at BaseAire ensure that all our units are thoroughly checked and tested, to ensure they are 100% operational to meet and exceed our customer's needs and expectations.

The AirWerx 100X has a **5** years warranty.

Capacity

The AirWerx 100X has a capacity of 100 pints per day (PPD) of moisture. This is very impressive comparing its size and the amount of energy it consumes.
